

Important information about your
Health Savings Account debit card

Activation required

In order to use your new card, you must activate it.
Please see the reverse side for details.

Please activate your new card

To enjoy the convenience of your new HSA debit card, it must first be activated in one of the following manners:

- 1) Change your PIN to the code of your choice at an Interra Credit Union automated teller machine (ATM).
- 2) Use it an Interra ATM to check the balance of your HSA account.
- 3) Swipe it when using your debit card for an HSA expense, like an office visit, hospital bill, prescription, an over the counter medication or similar item.
- 4) Call 800.527.7728

Personal identification numbers (PINs)

The PIN for your new Interra HSA debit card has been assigned for you. You will receive that number by mail a few days after receiving your card. PINs may only be changed at Interra ATMs.

Take control

It is your responsibility to protect your card, PIN and transactions, including receipts for tax purposes. Transactions for unqualified expenses may be subject to IRS penalties.

Access your account online

Use Interra Online, available at interracu.com or the Interra mobile app, to access your account.

- You can view your HSA account balance and monitor account activity.
- If you are not registered for Interra Online banking, please sign up so you can enjoy the benefit of online accessibility.
- Please contact any Interra office or go to interracu.com for questions or registration information.
