Presidential Dollar Coin Program

For the first time in history, the U.S. Mint is honoring the nation's past presidents with a unique series of the Presidential \$1 coins. The George Washington \$1 coin was the first, issued in 2007. Past and current sets are available at all Interra Credit Union offices.

Start or add to your collection today. Each set includes two uncirculated coins, one from each mint, securely fixed to a full color 5" x 15" tri-fold timeline and historical record, and are available for \$7.

Four Presidential \$1 coins are being issued every year, until at least 2016, in the order in which the presidents served. Each president will be honored with a single \$1 coin, regardless of the number of consecutive terms served. Grover Cleveland, the only president to serve non-consecutive terms, will be honored with two coins.

Modeled after the popular 50 State Quarters[®] program, the series offers another systematically rotating coin design, featuring the former U.S. presidents. The new coins bear a design of a former U.S. president on one side and the Statue of Liberty on the other. Traditional coin inscriptions are cut into the edge of the coins, not the coin surface. Edge-incused lettering draws attention to the inscriptions "E Pluribus Unum," "In God We Trust," the date and mint mark, and makes them unique among today's circulating coins.
