“The opening of our Granger Business Center represents an important step forward in how Interra continues to support and invest in the communities we serve,” said Amy Sink, Interra CEO. “As the needs of our business members evolve, so does our approach, bringing together our expertise, resources, and relationships in a space designed for meaningful connection and collaboration. This center reflects our commitment to being a trusted financial partner and to helping local businesses, and the communities they support, grow and thrive for years to come.”

This is more than a new location; it’s a meaningful step in strengthening our presence and investing in the future of the greater Granger community.”

The ribbon cutting ceremony was held on Wednesday at the Business Center, located at 1226 E. University Dr., Granger, IN. Project partners included DJ Construction of Goshen, Indiana, and Interior Designs of Granger, Indiana.
