

Interra Credit Union to Open New Business Center in Granger

FOR IMMEDIATE RELEASE – April 17, 2026— Interra Credit Union is pleased to announce that a new Interra Business Center will soon be coming to Granger, Indiana expanding Interra’s commitment to serving local businesses and strengthening relationships within the community. This new location represents an existing step forward in our mission to deliver accessibly, relationship-focused financial solutions tailored to today’s business landscape.

While this location at 1226 E. University Dr., will not operate as a traditional branch, the Interra Business Center is intentionally designed to meet the evolving needs of business members. The space will provide an accessible, professional environment where business members can connect directly with Interra’s Commercial, Mortgage, Treasury Management and Wealth Services teams without having to travel outside of their own community.

As Interra continues to grow, so does its focus on delivering personalized services where members live and work. The Interra Business Center will serve as a collaborative hub for conversations, consultations, and strategic planning, allowing Interra’s teams to meet business members in a setting that supports meaningful connections and tailored solutions. This approach reflects our belief that strong businesses are built on strong relationships and informed financial guidance.

“Establishing a dedicated presence in Granger allows us to further invest in a thriving business community and better serve the financial needs of our business members,” said Mike Blosser, Chief Commercial Officer. “This Business Center reflects our commitment to relationship driven service, specialized expertise, and supporting both businesses and their owners through personalized engagement, whether at their place of business or through our digital channels.”

The new Business Center will accommodate Interra’s expanding Commercial, Mortgage, Treasury Management and Wealth Services operations, providing space for one-on-one meetings, financial discussions, and future educational and networking opportunities.

In addition to personalized financial services, the Business Center will play an active role in fostering local economic development by creating opportunities for business leaders to connect, learn, and grow together. Through networking events and strategic consultations, we aim to support businesses at every stage of their journey.

Additional details including the official opening timeline and opportunities to connect at the new Interra Business Center will be shared soon. We look forward to continuing to build meaningful relationships that support shared success.
